Re: Freedom of Information Law Request

Dear Mr. Leibowicz:

This letter is in response to your inquiry, handled under the Freedom of Information Law, in which you requested information concerning "backdating" of a document. Upon a further search of the Department's records, the only document that complies with your request is the enclosed e-mail. There will be no charge for the enclosed document, which is outlined below:

- E-mail from Gregory Wiley, dated 02/19/2008

If you have any questions, please feel free to contact me at the number shown above.

Sincerely,

A handwritten signature in black ink, appearing to read 'C. L. Seifert', written over a light blue horizontal line.

Anyone that received any mail that was indated on Friday should check it ASAP. Apparently, someone was backdating something to Jan 15, 2008 and changed our indate stamp to that date without informing Helen or Jean. When the mail was processed, those items which should have been stamped Feb 15 2008 were dated incorrectly. If you have any mail, faxes, etc that have this situation, please cross out the indating in red and have it restamped with the proper date.

For the future, we have a separate, extra, stamp to be used for backdating items. If you have something that needs an earlier date (hopefully with proof of same) please ask Jean or Helen to indate it for you or if you do it yourself (which is not recommended) please use the separate stamp, not the everyday one.
